LAKWOOD ARCHITECTURE TEAM

PROJECT SUPPORT

“ Lakewood Architecture listened to our desires and needs for the use of the space and presented a unique design to meet the needs of service provision to children and families and create a welcoming environment. We recognized Lakewood with our “Building Hope” award to acknowledge the true impact of what the Lakewood architects and design team had on the future of our organization.

—Lori Antkoviak, Safe Harbor Children's Advocacy Center

DESIGN SMARTER BUILD BETTER.

What sets Lakewood Architecture apart?

WE CUT OUR TEETH IN CONSTRUCTION.

Our architects and designers have a uniquely intimate understanding of how buildings are built—which means our designs are crafted through the lens of construction to be as efficient and cost-effective as possible. Simply put, when you **design smarter, you build better.**

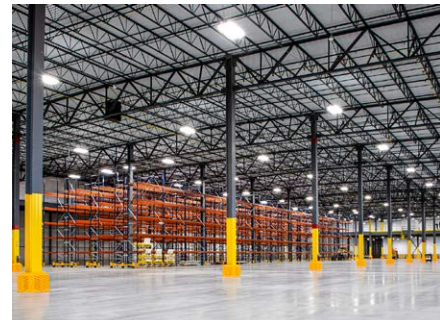

ARCHITECTURE

DESIGN

ESTIMATING

Our team of architects, designers, estimators, and pre-construction experts work literally side-by-side, ensuring seamless handoffs, maximizing value and staying true to scope. From concepts to construction documents to ribbon cutting—*we've got your back.*

From athletic facilities to community spaces to industrial manufacturing centers, Lakewood Architecture has the bench strength to know what questions to ask and what best practices to use for each project.

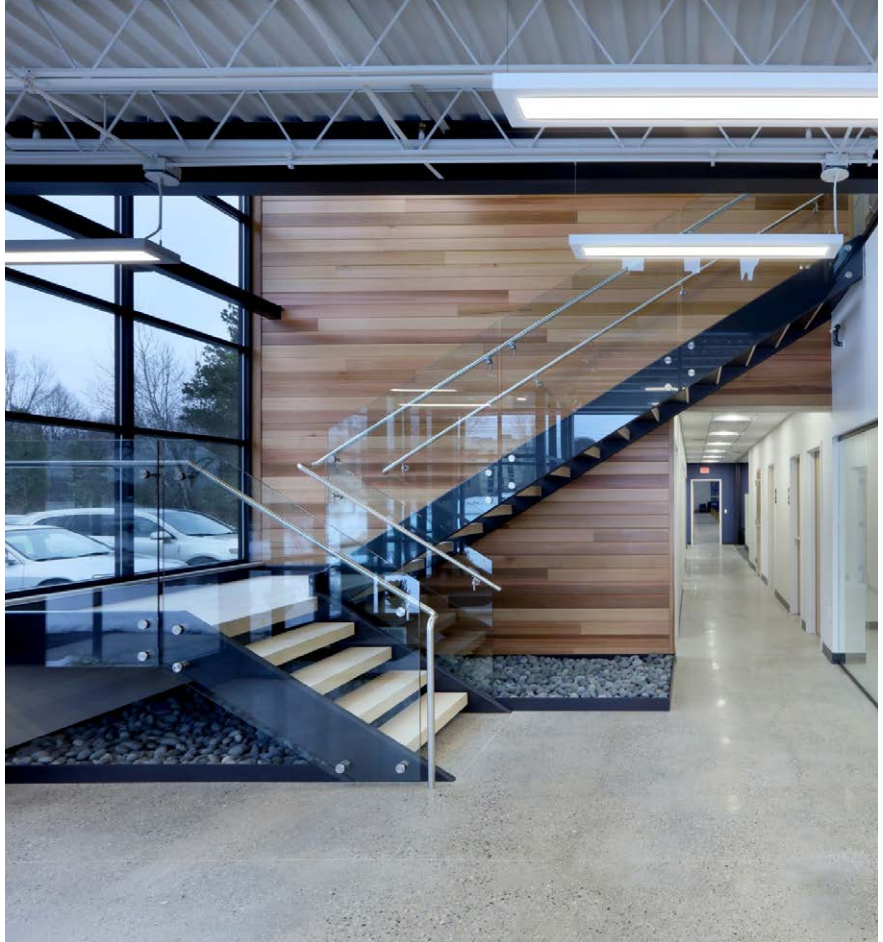

ARCHITECTURE EXCELLENCE

NATURAL AESTHETICS

COMPREHENSIVE
SITE & MASTER PLANNING

At Lakewood, we live for solutions. We invest intentional time right at the start to truly understand the scope of your needs, processes, and organizational goals. From site planning to permits and zoning to maximizing land and resources, our team knows what it takes to *get the job done right. On time. Every time.*
